APRIL "SPRING FLING" SALE

So...out goes the old and in comes the new!
**You will find many great items at 60% off,
and all Christmas items at 70% off.**

This is your chance for a great bargain!

Plants arrive May 1st

My main supplier is an organic grower, and is using biodegradable pots.

We have a great collection of USDA Certified Organic herbs and miniature plants. To this we have added: Organically grown veggies; tomatoes, peppers and egg plants – just to name a few.

As you look for ways to save on your grocery bills, this year you should consider planning a vegetable garden. If patio containers are more suitable for you, we have a great selection of clay pots that would look nice on your patio or deck, and your plants will love them.

Remember – plants are available May 1st through the month of July.

“Celebrate the Season”

Join us in celebrating a new year.

Learn from the past and look forward to the future. With the challenges we have to face, it brings us opportunity to re-evaluate and move forward.

Celebrate with us – Friday, May 15th from 11-5

Saturday May 16th from 11-5

Sunday May 17th from 1-5

There will be new foods to sample, beverages to enjoy, and special items marked down (only during this event) throughout the shop.

What's New?

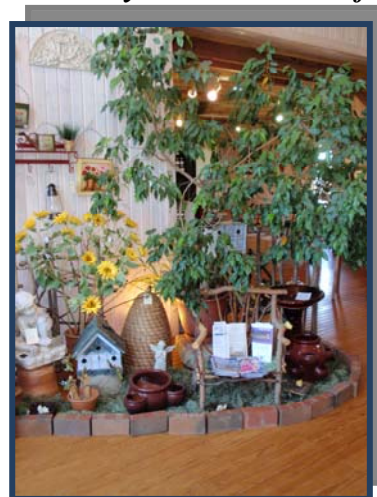

In keeping with USA and OHIO made products, *Crossroads Candles*, from Bucyrus, Ohio. **We have added new scents: Farmhouse, Coffee Cake, Sweet Pea Vanilla, and Rose-Hip/Lavender.**

These candles are made from very clean burning blended paraffin; no soot, and lead-free wicks. This gives a very fragrant and even-burning candle, with a great burn time.

When re-ordering our great selling jellies and jams from *House of Webster* I found the most interesting jam.

Mayhaw jam is a tart fruit found in the swamps of southern Georgia from the flowering Hawthorn tree. **“I can hardly wait to have it on my toast with breakfast!”**

I'm always searching for a new and exciting product for my customers – this year it is *Nature's Journey*. If you have ever been in a Hallmark shop, you are no doubt familiar with the art work of Marjolein Bastin. She is the artist behind the “Nature's Sketchbook” line of cards. This year she has designed a new line of giftware – *Nature's Journey*, which is absolutely beautiful! In Marjolein's words “My art is not just something nice. There is a lot of love behind it. With each piece, I give something of nature and something of myself to help people become aware of the beauty around us.”
